Takoma Park Tennis Clinic

Sign Up Today!

This FUN and exciting program gives youth the opportunity to learn and nurture their tennis skills. Our goal is to use tennis as a tool that supports and enhances your child's personal growth, physical health and academic achievement. Structured tennis instruction is an excellent vehicle for building character, developing discipline and promoting physical fitness. Please bring your own racquet and a water bottle. If you do not own a racquet, the Recreation Department will provide one for the clinic. Five weeks.
